Wonderful surprise of black fruits and restless wood. An intense purple shows it to life while in the air flying over notes of chocolate. In the mouth currants and some black tea. Augura a good guard and a beautiful aging.

Maravillosa sorpresa de frutas negras y madera inquieta. Un púrpura intenso lo muestra a la vida mientras en el aire sobrevolando notas de chocolate. En boca grosellas y algo de té negro. Augura una buena guarda y un hermoso envejecimiento.
